CAREER OBJECTIVE

Motivated B.Tech Computer Science Engineering student seeking a fresher-level opportunity where I can utilize my technical skills, learn new technologies, and contribute to the organization while growing professionally.

EDUCATION

- Pursuing Bachelor of Technology (B.Tech) in Computer Science and Engineering from Arya College of Engineering & IT, Jaipur with a current CGPA of 8.80.
- Completed Senior Secondary (Class 12) from M.M.B High School under Bihar School Examination Board (BSEB) with 68% in 2021.
- Completed Secondary (Class 10) from A.N.D Public School, Saran under Central Board of Secondary Education (CBSE) with 82.02% in 2019.

TECHNICAL SKILLS

- Programming: C++, SQL
- Web Technologies: HTML, CSS, JavaScript, React.js(Basic), Node.js, Express.js
- Concepts: OOP (Encapsulation, Inheritance, Polymorphism, Abstraction), Data Structures & Algorithms
- Tools: VS Code, GitHub, MS Excel (VLOOKUP, XLOOKUP, Pivot Tables, Charts)
- Database: MongoDB

PROJECT

1. Portfolio Website **(https://github.com/AmitKumarGupta123/MY-Portfolio)**

- Designed and built a personal portfolio website to showcase projects, skills, and contact information.
- Developed responsive layout for mobile and desktop using HTML and CSS.
- Added interactive elements using JavaScript to enhance user experience and engagement.

2. SMART HEALTHCARE ASSISTANCE AND PATIENT INTERACTION SYSTEM

Frontend: HTML, CSS, JavaScript |Backend: Node.js + Express.js |Database: MongoDB

- Developed an AI-based healthcare assistance system using Node.js, Express, and MongoDB, featuring hospital data management, appointment booking, bilingual voice interaction, and chatbot support.
- Modern hospitals are large and complex, making it difficult for new patients and elderly individuals to navigate departments, locate doctors, and access services on time.
- Patients from rural areas often face challenges in finding the correct department or doctor's room due to lack of guidance, language barriers, and unfamiliarity with large hospital environments.

INTERNSHIPS

I've successfully completed my React.js internship **at Celebal Technologies!** **June2025-Aug2025**

- Developed a Food Recipe Application using React.js enabling users to search recipes, view ingredients and preparation steps, and explore multiple categories.
- Implemented reusable components, REST API integration, and responsive UI for an enhanced user experience.

CERTIFICATION

Infosys | Springboard - HTML and CSS
RHCSA - Red Hat Certified System Administrator

HOBBIES

1.Playing Cricket
2.Learning new technologies
